

## **SEASON PREVIEW: GREEN TECH (SECTION 2)**

**Last season, Green Tech, after three straight sectional titles, won the NYSPHSAA Class AAA Title to add to their AA title won in 2014. Recently we asked Coach DJ Jones for his outlook on the new season.**

**“This upcoming season, we will have 4/5 starters returning from last year's State Championship team; Ramere Brown '25, Indavier Barner '26, U'Mier Graham '25, and Olivan Owens '25. Once again, we have a tough regular season schedule which includes Nationally Ranked teams such as Long Island Lutheran and Brewster Academy, the Kingdom of the Sun in Ocala, Florida and the inaugural Hoophall Invitational which will elevate our team's level of competition preparing us to make another deep run and contenders for another State Championship. Staying healthy and getting better through the regular season will be key factors in the team's success. There are 5 high level players moving up from the 15-3 JV team that will have moderate contributions.”**

**Don't be surprised to see the Eagles cut down the nets again in 2025!!**
